

## **SELECTION GUIDELINES**

### **WOMEN'S WORLD CUP AND EUROPA CUP 2025-26**

#### **PREAMBLE**

The goal of the selection guidelines is to select athletes with the potential to make WC or EC points and eventually podiums. It is also the aim of these guidelines to provide younger athletes with valuable experience for the future.

#### **SELECTION TO EC RACES**

Athletes with ECSL points are automatically selected within quota restrictions. In the event there are more athletes with ECSL points than quota it will go by ECSL ranking. Additional quota spots can be filled at the discretion of the Women's Alpine Head Coach based on FIS race results, training performance or qualification race.

#### **SELECTION TO WC RACES**

Athletes ranked in the Top 60 in WCSL are automatically selected to the World Cup race concerned. Athletes who have achieved top 3 results in EC will be given a possibility to start WC within quota restrictions. Athletes who have achieved top 15 results in EC will be considered to fill any remaining quota.

Selection to any WC event remains at the discretion of the Women's Alpine Head Coach.

#### **SELECTION TO LEVI WC RACE**

Athletes will be selected by the Women's Head Coach based on their training performance, points, and race placements. In case a required level of performance or point level is not met, SSF will not use all the quota spots (6). If needed, a qualification race will be organized before the event.

#### **QUALIFICATION RACE/TRIAL**

The format, timing, and location of the qualification will be communicated by the Women's Alpine Head Coach within a reasonable time frame. Example; Two best training run times out of three.
